**Approved For Release 2001/03/06 : CIA-RDP84-00499R000700050008-7**

1. Central Intelligence Group will undertake to provide personnel for reception of the daily State Department radio bulletin in those stations in Central and South America where the FBI has been affording such service. Radio operator technicians recruited to operate circuits for traffic will not be required to cover bulletin broadcasts. Bulletin coverage will be available during the first year of CIG operations.

2. CIG personnel assigned to handle the bulletin will not be required to undertake reproduction and dissemination within various State Department posts. Their compulsory duties will be limited to radio reception.

3. CIG representatives will not volunteer to provide this service but will act upon request of the Ambassadors and upon assurance that the FBI provided coverage until relieved. Radio personnel will be assigned as they become available; none are now on duty and unassigned.

7 March 1947

~~RESTRICTED~~

TO: ARSO

FROM: Deputy Chief, Communications Division

ILLEGIB

2. The man in charge of this bulletin service in the State Department volunteered the interesting information that their radio operators were paid salaries beginning at \$3,440 and ranging up to \$3,800 per year with living and quarters allowance and other foreign service arrangements in addition.
